

Name: _____

Date

T: know what plants need in order to grow

1) Use the words from the box to fill in the blanks

Sunlight	Warmth	Water
----------	--------	-------

When I give the plant too much _____ it dies.

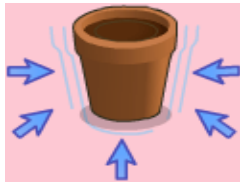

When I give the plant not enough _____ it dies.

When I give the plant too much _____ it dies.

When I give the plant not enough _____ it dies.

With the right amount of _____, _____ and _____ it grows.

2) Draw a line between the description of the plant and the picture it goes with.

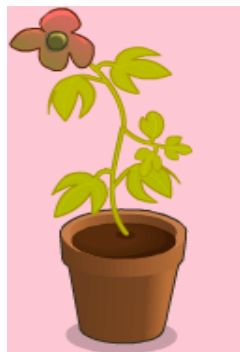

A plant that is not watered will have a weak stem and dried up leaves and will eventually die.

A plant that is kept in a dark place will grow tall and spindly in search of light and then become weak and die.

A seed will not produce a plant at all if it is kept too cold. The seed needs warmth to germinate and start to grow into a healthy plant.

A healthy plant is upright with green leaves.
