

Date

T: plan and evaluate someone else's investigation

DO NOT copy the questions; **only write** what is underlined in your book and fill in the blanks.

**Aim**

*(What are George and his friends trying to find out?)*

George and his friends are trying to find out \_\_\_\_\_

**Prediction**

I predict that \_\_\_\_\_

because \_\_\_\_\_

**Method**

**Fair test**

George and his friends should keep these things the same:

- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

They should only change the \_\_\_\_\_

**Results (table)**

**Results (graph)**

**Conclusions**

*Was your prediction right? Can you have a guess at why / why not?*

My prediction was right / wrong. This could have been because \_\_\_\_\_

*What else did you find out?*

I found out that

I think this was because

*How might George have made sure he won the bet, even though he ate the breakfasts as he promised?*

George might have won the bet by \_\_\_\_\_
