

Name _____

Date _____

T: use connectives correctly

For each sentence you need to fill in the missing word with a connective from the box.

If you aren't sure what some of the words mean look at the list of definitions on the other sheet.

and	but	because	so
-----	-----	---------	----

You should use each connective in the box twice.

- 1) Glass is transparent _____ that you can see through it.
- 2) Paper towels are used to mop up water _____ they are absorbent.
- 3) Chairs can be made from wood _____ so are some tables.
- 4) Glass is hard _____ it is also brittle.
- 5) Roofs are often made from slate _____ slate is waterproof.
- 6) Stone is opaque _____ you can't see through it.
- 7) Translucent means that you can see through a material a little bit _____ not completely.
- 8) Rubber is flexible _____ used to make tyres.

Now make up sentences of your own about each material in the box below:

- use a different connective in each sentence
- use the words on your other sheet, like rigid, natural and so on

Metal	Plastic	Fabric	Wood	Stone
-------	---------	--------	------	-------

Date

T: use connectives correctly

and	but	because	so
-----	-----	---------	----

- 1) Glass is transparent so that you can see through it.
- 2) Paper towels are used to mop up water because they are absorbent.
- 3) Chairs can be made from wood and so are some tables.
- 4) Glass is hard but it is also brittle.
- 5) Roofs are often made from slate because slate is waterproof.
- 6) Stone is opaque so you can't see through it.
- 7) Translucent means that you can see through a material a little bit but not completely.
- 8) Rubber is flexible and used to make tyres.
