

Name _____

Date _____

T: use connectives correctly

For each sentence you need to fill in the missing word with a connective from the box.

If you aren't sure what some of the words mean look at the list of definitions on the other sheet.

Furthermore	Since	As	Similarly	Whereas
Although	Despite	Indeed	For instance	

You should use each connective in the box once.

- 1) Glass is used for windows _____ it is transparent.
- 2) Paper towels are used to mop up water _____ they are absorbent.
- 3) Chairs can be made from wood _____ so are some tables.
- 4) Glass is hard _____ it is also brittle.
- 5) Glass is waterproof _____ fabric usually isn't.
- 6) Stone is very hard _____ it is one of the hardest materials.
- 7) Translucent means that you can see through a material a little bit _____ not being able to see through it completely.
- 8) Rubber has lots of uses _____ it is used to make tyres.
- 9) Fabric is usually soft _____ it is absorbent.

Now make up sentences of your own about each material in the box below:

- use a different connective in each sentence
- use the words on your other sheet, like rigid, natural and so on

Metal	Plastic	Fabric	Wood	Stone
-------	---------	--------	------	-------

Date

T: use connectives correctly

Furthermore	Since	As	Similarly	Whereas
Although	Despite	Indeed	For instance
