

Date            T: use full stops, question marks and exclamation marks

At the end of each sentence you need to put a full stop (.), a question mark (?) or an exclamation mark (!).

- 1) It wouldn't be a good idea to make windows from stone because then people wouldn't be able to see out of them \_\_\_\_
- 2) Where do you find metals being used \_\_\_\_
- 3) Chairs can be made from plastic or wood \_\_\_\_
  
- 4) What material is the desk made from \_\_\_\_
- 5) Amazingly some materials are so flexible no matter how much you bend them they will never snap \_\_\_\_
- 6) Some plates and cups are made through pottery \_\_\_\_
  
- 7) If a material is rigid that means it cannot be bent \_\_\_\_
- 8) Some materials are so hard they're almost impossible to scratch \_\_\_\_
- 9) What material would be best for making a roof \_\_\_\_
  
- 10) In fact there are millions of different materials \_\_\_\_
- 11) Would plastic or metal be best to make the outside of a car \_\_\_\_
- 12) Translucent means you can see through a material a little bit, but not completely \_\_\_\_

Now make up your own sets of three sentences: one ending in a full stop, one ending in an exclamation mark and one ending in a question mark.

They can be about the weather / climate zones or materials, like mine.

**Date**            **T: use full stops, question marks and exclamation marks**
